What our patient says about us

David Brown
Happy Patient

I had an amazing experience with the doctor at My MMJ Doctor. The Desvenlafaxine medication prescribed by the doctor was just right for my health. I recovered from my depression and now I am living a happy life.

Rated 4.3/5

Katie Bjorkman
Happy Patient

Totally satisfied with My MMJ Doctor's services. Getting a prescription for my depressive disorder was the simplest thing. I did not need to worry about scheduling any offline appointment for a consultation. I got the required help from the comfort of my home through an online appointment.

Rated 4.6/5

Kyrie Petrakis
Happy Patient

The whole process was fast. I thought it would at least take a couple of days to get my prescription. But My MMJ Doctor platform was really quick in their service. I was able to get the prescription in just a day.
